|                      | Water 69.5%<br>Dimethylpolysiloxane emulsion 25.00%<br>Silicone emulsion 2.00%<br>Soy Dimethyl Ethyl Ammonium Ethosulphate 2.00%<br>Alkyl Phenol Ethoxylate 1.00%<br>Propylparaben 0.50%   |
| <b>SECTION 3</b>     | <b>HAZARDS IDENTIFICATION</b>  |
|                      | Contains no hazardous components, in accordance with EU directive 68/547/EEC   |
| <b>SECTION 4</b>     | <b>FIRST AID MEASURES</b>  |
| EYES                 | Flush eyes and under eyelids immediately with water for at least 15 minutes, to ensure complete removal. If any irritation persists, seek medical advice.  |
| INGESTION            | Should any liquid be swallowed, drink plenty of water and seek medical advice immediately  |
| INHALATION           | Not normally a problem as the product is incorporated into a wipe  |
| SKIN                 | Not normally a problem as product is designed for skin contact   |
| <b>SECTION 5</b>     | <b>FIRE-FIGHTING MEASURES</b>  |
|                      | Liquid does not support combustion. If cloth is in a fire use water, foam, carbon dioxide to extinguish.   |
| <b>SECTION 6</b>     | <b>ACCIDENTAL RELEASE MEASURES</b>   |
|                      | Leaks or spillages not normally a problem due to the nature of the product. Should any quantity of liquid escape, flush the area with water.   |
| <b>SECTION 7</b>     | <b>HANDLING AND STORAGE</b>  |
|                      | Do not take by mouth and avoid close contact with eyes. For external use only. Store in a cool, dry place. Protect from freezing. Keep container tightly closed when not in use. Do not contaminate food or water by storing nearby. |
| <b>SECTION 8</b>     | <b>EXPOSURE CONTROLS AND PERSONAL PROTECTION</b>   |
|                      | Use in a ventilated area. No protective clothing or equipment necessary for use.   |

|                            |  |
|----------------------------|--|
| <b>SECTION 9</b>           | <b>PHYSICAL AND CHEMICAL PROPERTIES</b>  |
| pH                         | 7.0 - 8.0  |
| Specific Gravity (water=1) | 0.995  |
| Boiling Point              | 212°F  |
| Solubility in water        | Soluble  |
| Vapour Density(Air=1)      | <1.0   |
| Evaporation Rate(Water=1)  | >1.0   |
| <b>SECTION 10</b>          | <b>STABILITY AND REACTIVITY</b>  |
| STABILITY                  | Stable under normal conditions of use.   |
| CONDITIONS TO AVOID        | Naked flames, red hot surfaces and other high temperature sources  |
| INCOMPATIBILITY            | Oxidising agents, strong acids and alkalis   |
| OTHER INFORMATION          | Hazardous polymerisation will not occur  |
| <b>SECTION 11</b>          | <b>TOXICOLOGICAL INFORMATION</b>   |
| <b>EXPOSURE ROUTE</b>      | <b>SYMPTOMS AND EFFECTS</b>  |
| EYES                       | Irritation, redness and soreness   |
| INHALATION                 | Not normally a problem for this type of product  |
| SKIN                       | Not normally a problem, but extensive use may dry the skin. Wash with water and then moisturise the skin |
| INGESTION                  | Stomach ache, nausea, diarrhoea. Soreness of throat and mouth  |
| <b>SECTION 12</b>          | <b>ECOLOGICAL INFORMATION</b>  |
|                            | The liquid portion is biodegradable and is treated by normal sewage treatment                            |
| <b>SECTION 13</b>          | <b>DISPOSAL CONSIDERATIONS</b>   |
| PRODUCT                    | Controlled waste: dispose in accordance with local authority regulations                                 |
| CONTAINER                  | When empty and completely dry, dispose of as general waste   |
